## NEW EMPLOYEE EXCELLENCE TRAINING (NEET)

### Program Overview

*The New Employee Excellence Training (NEET) program provided by FRG is the first step in preparing individuals for a career in risk management utilizing our unique blend of risk acumen and technology expertise. This intense program is structured so that each participant will gain extensive experience across the risk domain spectrum and learn to leverage technology to solve real-world challenges.*

### Program Highlights

- 12-month program
- Extensive domain knowledge training: Includes Credit Risk, Market Risk, and Investment Management concepts
- Hands-on training
- Exposure to real-life applications of domain subjects
- Combination of E-Learning and Case Studies
- Mentoring and supervision provided by FRG's experienced advisors on risk management, methodology, and processes
- Certification Preparation

### LEARN WHILE YOU EARN

As members of the NEET Program, trainees are full-time FRG employees, gaining on-the-job experience along with a paycheck.

### Projects

Two major projects where an FRG employee is present to administer the project and provide detailed feedback:

- Programming Case Study—four-day project at the midway point in the program that assesses knowledge learned
- Graduation project that tests technology knowledge, holds financial relevance and ensures the candidate will add value to client projects

### Special Lectures

- Coding Standards: readability, appearance, documentation, efficiency
- Version Control
- Software Development Life Cycle
- Unit testing
- Project Basics: Project Management, Tech Lead, Testing
- Platform Review

### Certifications

- SAS® Certified Specialist: Base Programming Using SAS® 9.4
- SAS® Certified Specialist: Advanced Programming Using SAS® 9.4
